5 -Latex

6 -Stealth

7 -Triangle

1 is the tikz default and the one 103 draws in the repo use today.

2 is the classic filled triangle, used by the other 96.

3 has a concave back, 4 is a wider filled triangle.

5–7 are the modern arrows.meta tips: they scale with line width, so they stay in proportion if a figure is drawn thicker or thinner.
